

DIGITAL LITERACY FOR B.TECH STUDENTS

1. What is Digital Literacy?

- It is the ability to find, evaluate, and share information safely using digital tools.

2. Essential Student Tools

- GitHub: For project collaboration.
- LinkedIn: For professional networking.
- Google Forms: For data collection

3. Safe Internet Practices

- Use 2-Factor Authentication (2FA).
- Report fraud to the National Cyber Crime Portal (cybercrime.gov.in).

4. Professional Email Etiquette

- Clear Subject Lines: Always include your name, registration number, and the purpose of the email.
- Formal Greetings: Use professional salutations like "Dear Professor" or "Dear Hiring Manager".
- Concise Body: Keep your message short, well-structured, and focused on one specific request.
